

Obituaries

SHEBOYGAN, Wis. (AP) — James Lesley Kupic, 56, president of the Kohler Co., since July 1962, died Monday, apparently of a heart attack. Kupic was the first person not a member of the Kohler family to head the large plumbing manufacturing firm.

BERKELEY, Calif. (AP) — Dr. Agnes Fay Morgan, 84, professor emeritus of nutrition at the University of California and head of the university's Department of Home Economics from 1918 to 1954, died Saturday. Dr. Morgan was a specialist in the field of vitamins.

URBANA, Ill. (AP) — William J. Fry, 50, research professor at the University of Illinois who produced a mechanical heart, died Sunday of a heart attack. Fry and his brother, Francis, patented the mechanical heart in 1959 and tested it for short periods on dogs. William Fry was director of the university's biochemistry laboratory.

U.S. AIRLINER

from Page One

Jacked on a flight from Miami to Key West on June 29. Eight years earlier to the day he fled to the United States in a plane he was flying for the Cuban airline Aeropostal and asked for political asylum. Later he became an American citizen.

Cuban officials had indicated Prellezo would be tried as a deserter.

Mrs. Prellezo got permission from the U.S. State Department to fly to Cuba July 13 to plead for her husband's release. The first word that she had been successful came from a State Department employee in Miami. "My husband is very well," Mrs. Prellezo said. "We would rather not talk to anyone until we have talked with the American authorities in Miami."

from which an American fighter-bomber wing launches strikes against North Vietnam; the headquarters of the U.S. Special Forces for the northern provinces; a naval support storage area, the Marine Air Group compound at the Marble Mountain helipad, the main Marine supply depot and a helicopter maintenance compound.

One of the 25 mortar rounds fired on the Special Forces compound hit the quarters of the commander, Lt. Col. Daniel J. Connelly of Ft. Bragg, N.C., but he was not hurt.

A U.S. spokesman said no one was killed, and there were only a few wounded among the American Green Berets and Vietnamese troops in the camp.

Light damage was reported to aircraft at Marble Mountain.

Military spokesmen said

troops of the South Vietnamese 51st Regiment and militiamen guarding the southern and southwestern approaches to Da Nang were also attacked.

On the Salgon front, South Vietnamese militiamen and American helicopter gunships intercepted a Viet Cong force 23 miles south of the capital that may have been moving up to shell the city.

Fifty-one of the Viet Cong were reported killed, 25 of them by the helicopters, and no government casualties were reported.

The others say Linda is the best in the office at sign language—besides Miller—but she claims she's still clumsy.

From simple alphabetical signs, the government employees are progressing to hand symbols which translate into words or phrases.

By now most of the office force can ask Miller simple questions and give brief replies to his queries. Carl Moore and Willie Godfrey at nearby desks even try an occasional joke in sign language.

"It's unbelievable that the whole unit is making such an effort," Miller wrote in reply to a question. "Usually you'll find maybe one or two interested—but not everyone."

WHITLOW TO

Deaf Mute Teaches Office Workers to Use Sign Language

By DON REEDER

KANSAS CITY (AP) — The coffee breaks are unusually quiet affairs in one of the local offices of the Army Corps of Engineers.

That's because many of the 17 employees are clustered in a corner talking in sign language.

Johnny M. Miller, a deaf mute and has to talk with his

RUSSIANS BOW

from Page One

demanding a "solution to this situation."

West German Foreign Minister Willy Brandt told his Cabinet in May that Soviet Bloc nations were pressing for 10,000 to 12,000 non-Czechoslovak Communist troops to be stationed permanently in Czechoslovakia.

Concurrent with this report, West Germany, the United States and France were reportedly to have changed plans to hold maneuvers in September three miles from West Germany's border with Czechoslovakia.

Miller, a husky 25-year-old graduate of the Missouri School for the Deaf at Fulton, came to the engineering office this spring. He's a cartographic draftsman and etches maps on film for reproduction, a process called scribing.

At first others in the office communicated with Miller by writing notes.

"Then one day I noticed he

had a book that looked interesting, and I asked him about it," said Linda Farr, a petite 20-year-old coworker.

"I got tired of writing notes, and anyway my writing isn't the easiest thing to read. So he showed me this card with the alphabet in sign language, I finally got the nerve to try it, and pretty soon the others were doing it, too."

The others say Linda is the best in the office at sign language—besides Miller—but she claims she's still clumsy.

From simple alphabetical signs, the government employees are progressing to hand symbols which translate into words or phrases.

By now most of the office

force can ask Miller simple

questions and give brief replies to his queries. Carl Moore and Willie Godfrey at nearby desks even try an occasional joke in sign language.

Fulbright Confident of Early Win

By THE ASSOCIATED PRESS

Sen. J. William Fulbright, D-Ark., campaigning vigorously for a fifth term, brushed off the challenge Monday of his three Democratic opponents and predicted he would win the Democratic primary without a runoff.

Fulbright said anybody in public office is "in trouble because the country is in trouble," but added that he would get 65 per cent of the vote in next week's primary.

Jim Johnson of Conway, the 1966 Democratic gubernatorial nominee, who is generally considered the best chance of defeating Fulbright in the Democratic primaries, unleashed his familiar attack on the junior senator Monday night at Pine Bluff.

Bobby K. Hayes of Calico Rock, another of Fulbright's opponents July 30, laughed when he was told Fulbright claimed he would win without a runoff. "If he's already got it won, he ought to get back up there (Washington) and work," Hayes said.

Foster Johnson of Little Rock is Fulbright's other Democratic opponent.

Fulbright said at a news conference at El Dorado he did not think Jim Johnson's association with third party presidential candidate George Wallace would be of much help.

"I see nothing to indicate that the people of Arkansas have changed their views," Fulbright said. "They repudiated Mr. Johnson two years ago. I don't think he has as much strength today as he had two years ago."

Fulbright said the Vietnam war could be stopped "at any given day if the President changes his mind about the war." Fulbright said the conventional way to halt the war was through peace talks.

The senator would not endorse anyone for the Democratic presidential nomination, but said he would support the Democratic candidate.

Fulbright also discounted recent charges by Hayes saying they were "imaginative" with "no foundation whatever." He said Hayes had made the remarks in an effort to "attract attention."

Fulbright defended his position on the Vietnam war.

"I know of nothing that weakens and undermines democracy than the continuation of war," he said. "The growth of communism has been caused by war."

Fulbright said Monday night in a taped television speech that the "number one problem in America" is poverty and that the sooner the war ended, the sooner the poverty problem could be solved.

"The most underdeveloped resource in Arkansas, and the nation for that matter, is our human resource," Fulbright said. "I want to prevent the destroying of ourselves through a nuclear war before we have time to develop our human resources."

Johnson, in a rally at Pine Bluff, repeated his charge that Fulbright's voting record had given "aid and comfort to Communist leaders throughout the world."

He said he believed "a vacancy in that office (U.S. Senate) would be better than we have now."

Johnson, who was instrumental in getting Wallace's name on the presidential ballot in Arkansas, said that other gubernatorial hopefuls had not supported Wallace's candidacy.

He said, however, that the candidates realized there was a swing toward Wallace.

"You'll see them slip a Wallace sticker on their sound truck," Johnson said. "If you keep moving we may have old Bill Fulbright wearing a Wallace sticker."

Hayes said, in a telephone interview, he felt that Arkansas voters were entitled to know who is contributing to Fulbright's campaign.

"I think he should list all out-of-state contributions of more than \$100," Hayes said. "I'll be glad to list mine if he'll list his."

Hayes said he also could not understand why Jim Johnson had had trouble buying television time as he had claimed. "If you've got the money you can buy the time," Hayes said.

Easy on the Ruffles
If you are a bit on the chubby side, use ruffles with restraint. A charming substitute for those romantic rilly blouses can be a crisp, cool tailored blouse made of the same fabric, minus the ruffles.

Several store windows were broken, police said.

Ray Admits His London Identity

MEMPHIS, Tenn. (AP) — James Earl Ray—charged with murdering Dr. Martin Luther King Jr.—is the same man arrested in London under the name of Ramon George Sneyd, his attorney admitted Monday.

Arthur Hanes made the statement to reporters after Ray, 40, had pleaded innocent to a charge of murdering King.

Ray will be tried Nov. 12 on a charge of murder—a trial which could last up to six weeks.

Hanes had never referred to his client as Ray until he met with newsmen after Monday's arraignment. And Ray, himself, had used the name Sneyd as recently as a week ago.

Foster Johnson of Conway, the 1966 Democratic gubernatorial nominee, who is generally considered the best chance of defeating Fulbright in the Democratic primaries, unleashed his familiar attack on the junior senator Monday night at Pine Bluff.

Bobby K. Hayes of Calico Rock, another of Fulbright's opponents July 30, laughed when he was told Fulbright claimed he would win without a runoff. "If he's already got it won, he ought to get back up there (Washington) and work," Hayes said.

Calendar of Events

TUESDAY, JULY 23

Whitfield Masonic Lodge No. 239 will confer a Master's Degree Tuesday, July 23 at 7:30 p.m. at the local Masonic Hall.

WEDNESDAY, JULY 24

The Junior Auxiliary will meet Wednesday July 24 at 11 a.m. in the Chamber of Commerce, with the executive meeting at 10:30. Please note change of time. A luncheon will follow at the Diamond with special guest Mrs. Mason Searcy of the Admissions Committee of the National Association of Junior Auxiliary.

THURSDAY, JULY 25

The Millwood Shrine Club will have a business and dinner meeting Thursday, July 25 at 7 p.m. at Joda's Cafe in Nashville. Hope members and those living south of Hope are asked to meet at Whitfield Masonic Lodge at 6:15 p.m., July 25, so that they may go to Nashville in a group. Important business regarding a visit by Potentate Barnes in August and securing Shrine candidates will be discussed.

MISS BADER HONORED WITH TEA

Miss Mary Ann Bader, bride-elect of Joe Hill Stallings, Jr., was honored by Mrs. Keith Dixon with a tea in the Dixon home on Saturday, July 20. Mrs. Andy Andrews greeted the guests at the door.

In the receiving line were the honoree, dressed in a green summer frock with a fleur d'amour corsage; her mother, Mrs. Steven Bader; her fiance's mother, Mrs. Joe Stallings, Sr. of Morriston; and the bride-elect's grandmother, Mrs. Charles Bader. Besides the guest of honor, others in the receiving line had corsages of Marconi daisies. Many varieties of daisies, the bride's chosen wedding decoration flower, were seen throughout the home and on the patio. In the dining room the table was covered with a white cloth and centered with Shasta daisies and white candles. Serving the pineapple punch were Miss Betty Schenck and Miss Sarah Braden of Texarkana, and presiding at the tea service was Mrs. Mae Blackard.

Assisting with the courtesies were: Mrs. F. P. Barlow, Mrs. Brack Schenck, Mrs. Bob Turner, and Mrs. B. W. Edwards. Misses Lynda O'Steen and Sarah Schenck had charge of the book where about 70 guests registered. Among those calling from out of town were Mrs. John Crum of Stuttgart and Mrs. Ed Montgomery of Morriston, sisters of the future groom. The hostess presented a gift of silver to the honoree.

GUILD NO. 2 MEETS

Mrs. Jamie Russell was hostess to Wesleyan Service Guild No. 2 of the United Methodist Church on the evening of July 15 for the Guild's installation service.

Mrs. Russell opened the meeting with prayer and presided over the business session.

Mrs. Herbert Stephens was introduced to the group and in-

stalled the following officers for the ensuing year: Mrs. Dale McKinney, president; Mrs. Sam Huckabee, vice-president; Mrs. Ed Aslin, secretary; Mrs. C. G. Title, treasurer.

During the social hour, the hostess served cake, coffee and salted nuts to the members and one guest, Mrs. Herbert Stephens.

POTLUCK AND CARDS NIGHT AT COUNTRY CLUB

Daisies and zinnias on the mantle, and marigolds in other summer arrangements graced the Hope Country Club on Saturday, July 20 for the potluck and cards entertainment attended by about 50.

Mustard chicken was the main course for the evening meal, and those attending brought salads, vegetables, and desserts to round out the menu. After supper, bridge and pitch were played at 10 tables.

Among the pitch players, Lloyd Spencer and Dr. Sam Strong were high. Winners at bridge were: high for the women, Mrs. H. C. Whiford, and for the men, Andy Andrews; second high for 1968-69 in the form of the women, Mrs. Thell Joplin, and for the men, E. H. Stewart; game prizes, Mrs. Lloyd Spencer and Mrs. Dick Moore.

LOCAL BRIDGE CLUB MEETS

Mrs. M. M. McClaughan entertained her Friday Bridge Club on July 19. At the conclusion of play at two tables, Mrs. R. E. Cooper and Mrs. Tom Kinser were high scorers.

The hostess served pie à la mode for refreshments.

Births

Sgt. and Mrs. Paul E. Jackson of Honolulu, Hawaii, are the proud parents of a son born July 21 at Tripler Hospital. She is the former Judy Hartsfield.

The maternal grandparents are Mr. and Mrs. Herbert Hartsfield of Hope and the paternal grandparents are Mr. and Mrs. W. M. Jackson of Stamps.

Coming, Going

Mrs. Marjorie Rogers, who is attending Little Rock University this summer; Mr. and Mrs. W. L. Alexander, Jr. and Dana and Mrs. Gary Burgess, all of Hot Springs; and Mr. and Mrs. Cecil Weaver went to Six Flags Over Texas this past weekend and met Mr. Burgess, who is attending school this summer at SMU.

Leaving Tuesday for the State 4-H Revue in Fayetteville July 24, Dress Revue Winner; Pam Huffman, who will enter the Safety activity; Mary Hendrix, who will compete in Home Management; Irene Hendrix, who will take part in Food and Nutrition; James Rowe in Insect Identification; David Rowe, Tractor Driving and Hershel Wilson, Timber Estimating. Accompanying the group of 4-H Club members will be Miss Dolores McBride, Extension Home Economist, and Cayce Smith, Assistant County Agent.

Richard Sutton, Little Rock, is visiting Mr. and Mrs. Newt Pentecost and Mr. and Mrs. Claud Sutton.

Mrs. M. M. McClaughan attended funeral services for her cousin, Jim Bryant, in Texarkana on Saturday and for an in-law, Chester Simmons, in Texarkana on

Mrs. Alvin Rogers Joins 35 Staff

MRS. ALVIN ROGERS, JR.

MAGNOLIA — Mrs. Alvin L. Rogers Jr. of Magnolia has joined the Southern State College staff as secretary and assistant director of student aids, according to Dr. Imon E. Bruce, president of the college.

Mrs. Rogers will serve as assistant to Bernard Polk, director of student aids, in administering the financial aid program at Southern State in which approximately \$700,000 will be available for 1968-69 in the form of grants, loans and part-time work on the campus for about 1,000 students.

Elizabeth Taylor Is Recovering

LONDON (AP) — Surrounded by roses and champagne, Elizabeth Taylor perked up in the hospital today and though in some postoperative pain already was thinking about a new film.

"Yes, indeed," said her agent, Bernard Hunter. "She will definitely be making a new film later this year."

The 36-year-old star was reported recovering rapidly from Monday.

Mike Kelly attended a convention in Hot Springs last week on "Deciding the Future" relative to improving the area in which we live. He said that the topic, "A New Perspective for Developing States," was very enlightening and provocative.

On Sunday night 25 Boy Scouts in Explorer Post 200 of Dexter, Mo., and 3 adult advisers camped in the basement of the Methodist Church while en route to HemisFair in San Antonio. They also attended evening church services there and had a swim at the Fair Park pool.

Mrs. Bennie Downing and 2 sons, Hutto, Tex., are visiting Mr. and Mrs. A. L. Park. Mrs. Downing and son, Scott, spent last weekend in Washington, D. C., with Mr. Downing.

Richard Sutton, Little Rock, is visiting Mr. and Mrs. Newt Pentecost and Mr. and Mrs. Claud Sutton.

Mrs. Haskell Jones and her mother, Mrs. Tilda Teveson, arrived from Gary, Ind., this weekend, and Mrs. Teveson plans to make her home in Hope.

HOPE (AM) STAR, Printed by Offset

Television and Radio

a partial hysterectomy two days ago made necessary by fibrous growth. Her press secretary said there was "no suspicion of cancer."

A spokesman said Miss Taylor spent a comfortable night and her condition is satisfactory.

"She is feeling miserable but that's only to be expected under the circumstances," said Richard Hanley, her private secretary.

The operation Sunday ended Miss Taylor's ability to have children.

Now 36, she is the mother of two sons and a daughter and also has an adopted daughter. Her fifth husband, Richard Burton, has two daughters by a previous marriage.

By ALLEN LUDDEN

NEW YORK (AP) — My mother

has had a problem all year:

She can't explain where I'm

working.

"Password" was taken off the

CBS network, yet friends from

all over the country write to tell her they still see it every day. She reads that I had a new, once-a-week musical quiz called "Win with the Stars," yet none of the stations in Corpus Christi were carrying it. (I helped when one of her local stations started carrying it.)

Since Mother and her friends are confused by the mysteries of syndication, I thought I might state the case for what I believe to be a great source of television programming. Within the next five years, I believe, network programming will be reduced.

As quality syndicated programs in a wide variety of styles and shapes become available, those stations are going to use more of them to suit the

next network shows.

Suddenly the whole field of syndication—new shows and reruns—has started to look like a

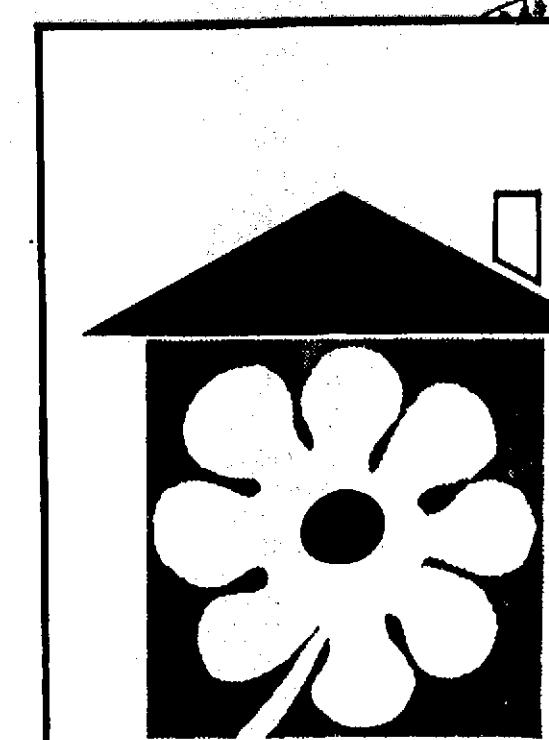

gold mine and many are rushing in to stake claims. This is both encouraging and dangerous, dangerous, because some producers will try to foob off a second-rate product. Encouraging, because others see a chance to produce programs of network quality often overlooked these days by movie-oriented networks.

As the networks become more and more locked into large blocks of movies and movie-type serials, local stations are discovering this bonanza of quality programs, designed better to suit their local audiences.

And that, Mother, is what syndication is all about. And I'm for it.

Hope Star

SPORTS

Lonberg in First Win for Red Sox

By HERSCHEL NISSENSON

Associated Press Sports Writer

Dick Williams had to pinch

himself to make sure he was

awake but the Boston Red Sox

hope it has the start of another

Impossible Dream.

The occasion was the first victory

of the season Monday night

for right-hander Jim Lonberg,

who pitched Boston to their

100-to-1 shot American League pen-

nant a year ago by winning 22

games and the Cy Young

Award.

Lonborg missed almost two

months of the season following

surgery on a knee he injured

while skiing last winter. He had

lost three times this season but

brought six strong innings allowing

only one hit in Boston's 7-6

triumph over the New York

Yankees.

Elsewhere, Cleveland climbed

into second place with 7-3 victory

over Baltimore, California

outlasted Minnesota 6-5 and Oak-

land trimmed the Chicago Cubs.

In the National League, St.

Louis nipped Philadelphia 5-4,

the New York Mets downed At-

lanta 5-2, the Chicago Cubs

whipped San Francisco 7-2 and

Houston turned back Los An-

geles 4-0.

"This is what we've been

waiting for," exulted Manager

Williams after Lonborg's en-

couraging performance pulled

the fourth-place Red Sox to

within nine games of front-run-

ning Detroit. "If there are no

side effects, and we don't expect

any, he is in the rotation now.

He'll make his next start Friday

in Washington."

It was only the third start for

Lonborg, who had worked only

12 innings while compiling an 0-

3 record. He was wild, walking

eight and hitting a batter, but

allowed only a first-inning sin-

gle by Roy White. Three walks

brought White home for the only

run off-Lonborg.

Boston piled up a 7-1 lead be-

fore the Yankees rallied with

two in the eighth and three in

the ninth.

Cleveland jumped on Balti-

more rookie Mike Adamson for

four runs in the first three in-

nings and walloped the Orioles.

It was the first appearance of

the season for Adamson, called

up because three Baltimore hur-

lers are on reserve duty.

The Indians, who trail Detroit

by five games, got a run in the

first on Duke Sims' RBI single.

A triple by Dave Nelson high-

lighted the two-run second, Lou

Johnson belted two-run homer in

the fifth after the Orioles had

pulled to within 4-3.

Rookie Andy Messersmith

won his first big league game in

relief and Aurelio Rodriguez

and Orlando McFarlane com-

bined to drive in five runs in

California's squeaker over

Minnesota, on May 8.

The Angels built up a 6-1 lead

after three innings but Bobby

Locke and Tom Burgmeier had

to put down threats in the final

two innings as the Twins rallied,

Jim "Catfish" Hunter stopped

the White Sox on six hits and

got home run support from

Dave Duncan and Reggie Jack-

son in Oakland's triumph. It

was the second shutout for Hun-

ter, whose other one was the

perfect game he fired against

Minnesota on May 8.

Hoyt Wilhelm's knuckleballer,

made the 906th appearance of his

career, tying the record of Cy

Young, which had stood since

1911. However, Jackson slugged

Wilhelm's second pitch for his

17th homer, Dave Duncan hit a

two-run homer in the second,

A crowd of 30,818 attended the

sixth of nine American League

games the White Sox will play

in Milwaukee this season.

Solunar Tables

By RICHARD ALDEN KNIGHT

The schedule of Solunar Periods, as printed below, has been taken from Richard Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major Periods are shown in boldface type. These begin at the times shown and last for an hour and a half or two hours thereafter. The Minor Periods, shown in regular type, are of somewhat shorter duration. Use Central Daylight Saving time.

Minor	Major	Minor	Major
3:25	10:35	7:30	11:00
4:20	11:30	8:15	11:55
5:20	—	8:45	12:25
6:30	12:50	9:20	1:10
7:30	1:30	9:50	1:55
8:50	2:15	10:15	2:35

Coming and Going at Packer Camp

By BOB GREEN

Associated Press Sports Writer

Minnesota Viking fullback Bill

Brown is back in camp after a

brief absence and Green Bay

quarterback Bart Starr is back

home—and the Packers hope

that will be a brief stay, too.

Starr, who quarterbacked the

Packers to the National Foot-

ball League title and the world

championship, worked out briefly

at Green Bay Tuesday, then

was sent home, apparently suf-

ferring from a case of influenza.

There was no indication how

long Starr might be out.

Brown, who walked out of the

Vikings' training camp at Man-

kato, Minn., Saturday in an ap-

parent contract dispute, re-

turned to camp, went through

two workouts and said he wants

to be prepared to play for the

Vikings.

General Manager Jim Finks

is due in camp today and was

expected to talk contract terms

with Brown, the team's leading

ground gainer.

There were a couple of other

notable contract disputes, and

one notable agreement.

The agreement involved

scrambling Fran Tarkenton and

the New York Giants. Quarter-

back Tarkenton signed a one-

year contract estimated at

about \$60,000.

"I don't care for the security

of a long-term contract," Tark-

enton said. "They really don't

mean a lot. If I play well, I'm

rewarded; if not, I shouldn't

be."

The disputes involved safety

Jerry Richardson and the Atlan-

ta Falcons, and defensive tackle

Frank Parker and the Pitts-

burgh Steelers.

Richardson quit the Falcons

when his demand for a guaran-

tee that he play at least three

games was turned down by Coach

Nordy Hecker. Richardson

had to demand a guarantee that

he would be guaranteed to

play in at least three games to be

eligible for the NFL pension.

Dave Giusti scattered seven

hits at Los Angeles as the As-

tors handed the Dodgers their

18th setback in 21 games this

month. Dick Simpson singled and

scored the first run in the

fifth inning and doubled home

another in the sixth. Tom Haller

had three of the Dodgers' hits.

The Cubs broke a 2-2 tie in the

eighth inning at San Francisco

on a two-run pinch double by

TUESDAY, JULY 23, 1968
El Paso in
2-0 Win
Over Trays

LITTLE ROCK (AP) — Jarvis Tatum cracked a two-run home run in the sixth inning to break up a scoreless pitching duel and give El Paso a 2-0 Texas League victory over Arkansas Monday night, in the second game of a doubleheader.

Arkansas won the opener, 5-1, on a three-run spurt in the first inning.

Tatum's home run, his third of the series, came off losing pitcher Jerry Reuss, who yielded only one other hit in the nightcap, a single by Bill Beethea in the third inning.

Rudy May was the winning pitcher, going 6 and two-thirds innings before he was chased

with two out in the seventh inning. Reliever Steve Kealey came on for May to retire the final Traveler batter.

Arkansas jumped on El Paso for three runs in the first inning of the opener. The runs came on a walk, singles by Boots Day and Billy Murphy, and doubles by Leron Lee and Billy Wolff.

A home run by Lee in the third and a sacrifice fly by Murphy in the fifth accounted for Arkansas' other runs. El Paso's lone run was on a first inning homer by Tatum.

Memphis broke a 1-1 tie with five runs in the seventh inning and defeated Albuquerque 6-2 at Memphis Monday night. The Blues netted the five runs on five hits, an intentional walk and an error.

Dallas-Fort Worth defeated Amarillo 5-1 and San Antonio's game at Shreveport was rained out in other Texas League ac-

HOPE (ARK) STAR, Printed by Offset **Small Lakes Offer Fine Vacations for Arkansas Fishermen**

By LOU OBERSTE
 Director, Publicity, Arkansas Parks and Recreation Commission

Most of Arkansas' vacationers are well aware of the state's many big lakes and the multi-choice of water oriented sporting opportunities provided by these impoundments; but to the fishing-traveler there is a "mother lode" of small lakes developed by the State Game and Fish Commission that are not as well known to the visitors from outside our borders.

The Game and Fish Commission has developed 23 public-owned fishing lakes in the state in the last 22 years. These lakes range in size from 6,700 acre Lake Conway to 60-acre Lake Crystal. The Commission has strategically located the impoundments throughout the state in areas of high population, or in portions of the state where there is a scarcity of natural fishing waters.

Constructed with funds principally derived from the sale of hunting and fishing licenses, the Commission-owned lakes are primarily for the fisherman. For that reason water sports, which are sometimes annoying to the fisherman, such as water skiing, are prohibited.

Since fishing is the primary consideration of these waters, effective fisheries management techniques such as drawdowns during winter months, removal of rough fish by commercial fish-

ermen, chemical fish-kills to insure proper balance of game fish and rough fish, and corrective stocking with game fish are followed on all lakes. Through the use of these fisheries management tools the "Fisherman's Luck" enjoys a higher degree of success on these ponds than on the larger multi-purpose lakes built by the Corps of Engineers.

Commission facilities on these public-owned fishing lakes are limited to public launching ramps and ownership of a public-owned strip of land from 25 to 100 feet wide surrounding each of the lakes to assure free public access at all times. The Commission does issue permits to private persons who operate fishing docks and concessions at many of the lakes.

Camping on the public-owned strip of land surrounding the lakes is permitted, but the Commission points out that these are strictly primitive camping areas and no facilities other than the free use of the site is provided. Many of the concession operators encourage camping near their docks and, in these cases, they are required by their lease agreement to provide public rest room facilities.

Camping on several of the fishing lakes is provided by adjacent state parks which have been developed by the Publicity and Parks Commission in conjunction with the Game and Fish Commission. These state park campgrounds are located at

LBJ to Quit Ranch, Going on Tour

By DOUGLAS B. CORNELL
 Associated Press Writer
 AUSTIN, Tex. (AP) — President Johnson is immersed these days in the pleasant life of a Texas rancher and the inevitable paper work and routine of the White House but maybe not for long.

The LBJ Ranch, on the Pedernales River, in the hills 65 miles west of here, was a sort of rest stop on the way to and from last weekend's summit session in Hawaii with President Nguyen Van Thieu of South Vietnam.

So Johnson is expected to head back soon for Washington and the somewhat more rigorous demands of the national capital.

He has in his pocket an invitation to take a bit longer route than usual, by way of Cincinnati and the National Governors Conference. The governors want to hear a President speech and give the President a silver plaque "in appreciation for his long and devoted public service and especially for his leadership in creating a more effective working partnership between the states and the federal government."

The invitation is for tonight. The conference chairman, Gov. John A. Volpe of Massachusetts, said he expected Johnson then.

But as he frequently does, the President held off saying "yes" or "no."

And the governors still will be in session Wednesday.

In a partial desk-clearing op-

eration Monday, Johnson cut the strings on \$350 million of special federal assistance funds for mortgages on housing for low and moderate income families.

He also signed a bill authorizing an appropriation of \$1.8 billion for military construction; said he is nominating Miss Barbara M. Watson of New York to move up from acting administrator to administrator of the State Department bureau that handles passports and visas, and approved promotions of a dozen diplomats to the rank of career ministers.

Steelmen Voting for Strike

By LEE LINDER

PITTSBURGH (AP) — With a strong "we're ready to strike" vote pouring in today and evidencing near-unanimous union solidarity, the next move in bargaining to prevent an Aug. 1 nationwide walkout by 388,000 steelworkers apparently is up to industry.

And this must be some sort of money package—possibly coming Wednesday—embracing a union-hoped-for hefty hike in wages and pensions. Maybe even sweetened with more for hospitalization and improved vacations.

Unconfirmed reports trickling from the secret negotiations indicate management hasn't yet laid on the table any economic offer since industrywide talks began June 3. The curtain around bargaining has been tight.

Supposedly, top-level management-union talks have been going slowly since Saturday while leaders of the 600 steelworker locals in the United States and Canada galvanized their men to demonstrate solid support for their leaders.

Officially, the union set today for the formal strike vote—and the top level negotiations reportedly are marking time until the full results are in.

That outcome appears certain.

Early returns from scattered locals is running better than 90 per cent to strike, if necessary.

In the 32 years of the United Steelworkers Union the men have closed the mills eight times, the last for 116 days in 1959.

Current pay averages \$3,84 an hour. Management claims fringes add another \$1.09. The wage contract expires midnight July 31.

The steelworkers won contracts in the copper and can industries this year that provided wage hikes up to 6.5 per cent. Steel management claims such a boost would wipe out two-thirds of the industry's current profits.

Steelworker President I.W. Abel has declined to disclose exactly what he is seeking, whether it's as much or more than the can-copper settlements.

TRIBUTE TO JOURNALIST

FARMINGTON, N.M. (AP) — The managing editor of the Farmington Daily Times, Mrs. Val Cooper, recently received a plaque in recognition of covering City Council meetings for the past 14 years. The plaque carried the signatures of six former Farmington mayors who were in office during the time Mrs. Cooper covered the City Council sessions.

Inscribed on the plaque were these words: "For 14 years of faithful, accurate, truthful, unbiased reporting of City Council meetings."

This is just a picture of your State Farm family insurance man.

RICHARD SCHRADER

You should see him in person.

Homemakers to Visit Arkadelphia

Hempstead County Extension Homemakers will have an opportunity to attend the State Extension Homemakers Council Meeting at Henderson State College in Arkadelphia August 13-16, according to Mrs. Wilton Mullins, County E. H. President. E. H. members wanting to attend all or any part of the meeting should contact Mrs. Mullins by July 26 to find out about program features and costs.

"Today's Homemakers—Tomorrow's World" will be the theme of the state meeting. Mrs. Ernest Graham will be serving as District Director assisting with the meeting. Hempstead County will be assisting with registration of the state delegation representing all counties in the state.

August 14 will begin the first day for county groups. The program will feature a board meeting for county presidents and state leaders while E. H. members will tour campus, view special exhibits, and attend drop-in by the Arkadelphia Council with the night program to be one of greetings and entertainment.

Thursday, August 15, will offer a variety of educational classes of interest to homemakers presented by Extension Specialists. Classes are: Points of Law, Membership—Today and Tomorrow, Citizenship—Beautification, Building a Family Life Education Program, Developing Family Health—A Challenge Today-Tomorrow, What Women can do to Promote Home and Traffic Safety, World Friendship Through International Relations, Our Cultural Arts—Old and New, Reporting Club Activities, Safety is Everybody's Business, Craft Worthy for Exhibit, Your Food Money—What Does it Buy?, Heritage of Fashions, Puerto Rico, Create Beauty in Window Treatments, Portable Electric Appliance Show, Quackery—A menace to Consumer Health, Put Lazy Space to Work—Solve Your Storage Problems, Today's Furnishings—Tomorrow's Trends, Fundamentals of Landscaping, Household and Garden Insects, Keeping Landscape Plants Healthy, Dollars and Decisions, Early Childhood Education in Arkansas.

Late Thursday afternoon, Mrs. Graham will preside at the district meeting. Thursday evening will offer entertainment by the Arkadelphia Stage Band and Dr. James Dusenberry, Professor of Pharmacology, University of Arkansas will speak on the subject "Drug Abuse in Today's World." Fun fest will conclude the evening program.

Friday morning, August 16 will conclude the meeting with a program of entertainment, emergency preparedness and introduction of new leadership.

Hempstead County E. H. members desiring to participate in this state meeting should contact Mrs. Mullins. She is encouraging members to participate in the entire meeting or part time since the state meeting is being held nearby. Some club groups may desire to take a car group she suggests.

INTERNATIONAL

The Soviet Union yields to Czechoslovakia on a meeting site for talks on reforms and the last of the Soviet troops leave the country.

U. S. aircraft losses have dropped dramatically since President Johnson ordered the limiting of bombing raids.

The Viet Cong and North Vietnamese coordinate heavy shelling and light ground probes in South Vietnam's northern provinces.

POLITICS
Governors of both major parties express fear that third party candidate George C. Wallace may stalemate the Democratic-Republican race for the White House.

The plans of Sen. Edward M. Kennedy remain a major political question.

WASHINGTON

The Senate is urged to take quick action on legislation aimed at easing air traffic jams that have nearly throttled some of the nation's major airports.

An opponent of President Johnson's Supreme Court nominations says a Justice Department report favorable to Abe Fortas is propaganda.

The House drives for final action on gun control legislation.

Interest rates on home loans rise sharply, climbing to almost seven per cent.

NATIONAL

Steelworkers back their contract bargainers with a strong strike vote, leaving the next move up to management.

A man breaks into a sporting goods store, grabs a gun and shells, runs to the street and shoots three persons, two fatally.

Some office workers like their new colleague, a deaf mute. So they learn sign language to talk to him.

Politics At a Glance

By THE ASSOCIATED PRESS

Here is a summary of top political developments.

The Democrats: Vice President Hubert H. Humphrey says whether he'd ask Sen. Edward M. Kennedy to be his running mate would depend greatly on Kennedy's "wishes and views."

If the department didn't make them available, Ervin said, he wanted Atty. Gen. Ramsey Clark or his deputy called to testify about the document.

The memorandum reportedly was written in the office of Deputy Atty. Gen. Warren Christopher.

Eastland told newsmen he had no idea when the committee might act on Fortas' nomination. Even more uncertain is when it will act on Thornberry's nomination.

Thurmond passed up an opportunity to question Thornberry Monday, saying that unless Fortas is confirmed by the Senate as chief justice there will be no vacancy on the court.

If Fortas is confirmed, Thurmond said, he hoped Thornberry would be recalled as a witness. Eastland said that would be up to the committee to decide.

The Presidential Deadlock Prospect: Sentiment gaining at National Governors Conference in Cincinnati for Republican Democrat agreement not to deal with George Wallace if his independent presidential candidacy prevents majority in November for either party candidate.

Egg-Rolling Custom
The custom of rolling Easter eggs on the White House lawn began in 1878. Prior to that year, the children of Washington had traditionally rolled Easter eggs on the grounds of the U.S. Capitol.

Favorable Fortas View 'Propaganda'

WASHINGTON (AP) — An opponent of President Johnson's Supreme Court nominations has labeled as propaganda a Justice Department report favorable to chief-justice-designate Abe Fortas.

The comment was made Monday by the Senate Judiciary Committee by Sen. Sam J. Ervin Jr., D-N.C., whose request that Justice Department representatives be called to explain the report at today's committee session was granted by Chairman James O. Eastland, D-Miss.

The unexpected development came after the committee apparently had wound up its hearings into Fortas' nomination to succeed Earl Warren and—at least temporarily—into the nomination of Homer Thornberry to be an associate justice.

The Justice Department's 27-page memorandum on the "judicial performance of Mr. Justice Fortas" was put in the record last Saturday by Sen. Philip A. Hart, D-Mich.

Hart said he had requested it to provide "more balanced record" after the critical questioning of Fortas by Ervin and Sen. Strom Thurmond, R-S.C.

The memorandum, commenting on decisions in which Fortas participated, concluded this way:

"Notwithstanding the quibbles about particular votes and decisions, the verdict of the American Bar . . . is that Justice Fortas has performed remarkably well in three years, fulfilling the promise that one of the nation's greatest lawyers should become one of its greatest justices."

Ervin called the Justice Department document an attempt "to propagandize the committee" and said he intended to answer it and wanted to question the lawyers who drafted it.

If the department didn't make them available, Ervin said, he wanted Atty. Gen. Ramsey Clark or his deputy called to testify about the document.

The memorandum reportedly was written in the office of Deputy Atty. Gen. Warren Christopher.

Eastland told newsmen he had no idea when the committee might act on Fortas' nomination. Even more uncertain is when it will act on Thornberry's nomination.

Thurmond passed up an opportunity to question Thornberry Monday, saying that unless Fortas is confirmed by the Senate as chief justice there will be no vacancy on the court.

If Fortas is confirmed, Thurmond said, he hoped Thornberry would be recalled as a witness. Eastland said that would be up to the committee to decide.

If Thornberry is recalled, it is not likely before September since there seems to be no prospect of Senate action on Fortas' nomination until after an expected congressional recess for next month's national party convention.

And once the Fortas nomination is brought up in the Senate, Sen. Robert P. Griffin of Michigan and other Republicans have threatened to filibuster if necessary to block confirmation.

Kennedy on HH Ticket Is Question

By THE ASSOCIATED PRESS

Vice President Hubert H. Humphrey says whether he would ask Sen. Edward M. Kennedy to be his running mate is "greatly dependent on Mr. Kennedy's wishes and views" but the Massachusetts senator's wishes remain a question.

Hopes of a Humphrey-Kennedy ticket have been expressed by a number of Democrats at the National Governors Conference in Cincinnati and Humphrey said Monday night he was sure he and Kennedy will one day talk politics.

The vice president made the comments during a taping session for the "Dick Cavett Show" on the ABC television network.

Humphrey did not say he was offering Kennedy the vice presidential spot. Asked at a news conference earlier about the possibility, Humphrey replied there were a number of Democrats who could fill the spot.

Kennedy has made no comment on repeated suggestions since the assassination of his brother, Sen. Robert F. Kennedy, that a Humphrey-Kennedy ticket would boost chances for a Democratic victory in November.

There was new guesswork that plans might be in the making after a meeting in Hyannisport Sunday of leading figures of the late President John F. Kennedy's administration and Robert Kennedy's Democratic presidential campaign.

But Frank Mankiewicz, who was on Robert Kennedy's staff, said the meeting was one of a series on planning a "living" memorial, possibly a foundation, for the slain senator.

"There wasn't anything political in the meeting," Mankiewicz said.

Humphrey also said Monday he would make no deals with third party candidate George C. Wallace for his electoral votes if neither major party candidate won a majority in November.

"I would rather not be nominated as a candidate for president," Humphrey said, "than to have to depend on a racist vote to get the nomination."

The U.S. Department of Agriculture reports anthuriums shipped from Hawaii to the mainland in 1967 totaled 282,500 dozen, an increase of 11 percent over the 1966 total of 257,000 dozen. In 1965, only 160,500 dozen anthuriums left the Islands.

Republican Gov. John H.

Chafee of Rhode Island sought backing of a plan by which both major party nominees would agree in advance to support whomever receives the largest November popular vote if there is no majority in the electoral college.

Labor troubles, meanwhile, continued to slow preparations for both national party conventions.

Democratic National Chairman John M. Bailey said in Chicago his party's convention "might be moved" from that city if the telephone strike is not settled in time for installation of communications.

But Bailey said no decision has been made. He said he has not talked to officials in Miami Beach, where the Republican convention begins Aug. 5; about the possibility of moving the Democratic convention there three weeks later.

Electrical workers picketed CBS in Miami Beach for the third day Monday, bringing most work at the GOP convention hall to a standstill. But all three networks said a delay of several days would not cripple their preparations.

In other political developments:

New York Gov. Nelson A. Rockefeller sought delegate support in North Carolina for the GOP presidential nomination but sources said he failed to sway any of the state's 26 nominating votes.

GOP contender Richard M. Nixon taped television shows in Los Angeles and then went into seclusion at a friend's home in Laguna Beach to rest until Thursday.

McCarthy continues to hold firm lead over Nixon—42 percent to 34—in the latest Harris Survey but Humphrey's lead over Nixon—37 percent to 35—has slipped since a survey in June.

The survey, a copyright feature of the Washington Post, also shows Wallace with 35 percent support in the South and 10 to 20 percent, depending on the opposition, in the rest of the country.

ALASKAN SHELF STUDY
LA JOLLA, Calif. (AP) — The first comprehensive oceanographic study of the continental shelf of the Gulf of Alaska is under way.

The survey, to be conducted by Marine Advisers Inc., a subsidiary of the Bendix Corp., will cover an area 850 miles long, 30 to 110 miles wide and extending from the shore to the 600-foot-depth contour of the continental shelf.

Company officials said sponsoring oil companies interested in drilling operations want to know what kind of weather and sea conditions to expect, both in average years and in years of extreme conditions.

Another Transplant at Houston

HOUSTON, Tex. (AP) — Surgeons transplanted the heart of a youth fatally injured in an auto accident into the body of a Nebraska man today in what they described as a very successful operation.

It was the 27th such transplant in the world and the second in three days at St. Luke's Episcopal hospital, where seven now have been performed.

Hospital spokesman identified the recipient as Henry W. Jurgens, 57, of Beatrice, Neb. They said he entered St. Luke's Sunday suffering from advanced heart disease.

The donor was Michael K. Buxton, 16, of Houston, who suffered massive head injuries in an auto accident Monday morning. He died at 12:47 a.m., and the transplant surgery was completed at 2:15 a.m.

Dr. Denton A. Cooley supervised the operation, as he has the others at St. Luke's. Attendees said he considered it very successful and pronounced Jurgens in highly satisfactory condition.

Hospital spokesmen said the patient who received a new heart Saturday—Fred C. Everman, 58, a retired barber from Alexandria, Va.—was able to walk unassisted from his bed to a chair.

Everman received the heart of Evelyn G. Krikorian, 33, a Houston housewife who died of complications from a kidney ailment. He was reported in "very satisfactory condition."

Of the previous heart transplant patients at St. Luke's, three others continue to recuperate and two have died.

Everett C. Thomas, 47, of Phoenix, Ariz., who received a new heart May 3, has left the hospital and plans to start work Aug. 1 at a Houston bank, Cooly said.

The third patient, George Henry DeBord, 46, of Belotes, Tex., also is progressing satisfactorily, Cooly said. DeBord received a new heart July 2.

Our Ancestors Left Clues

By JIM CROSSLEY

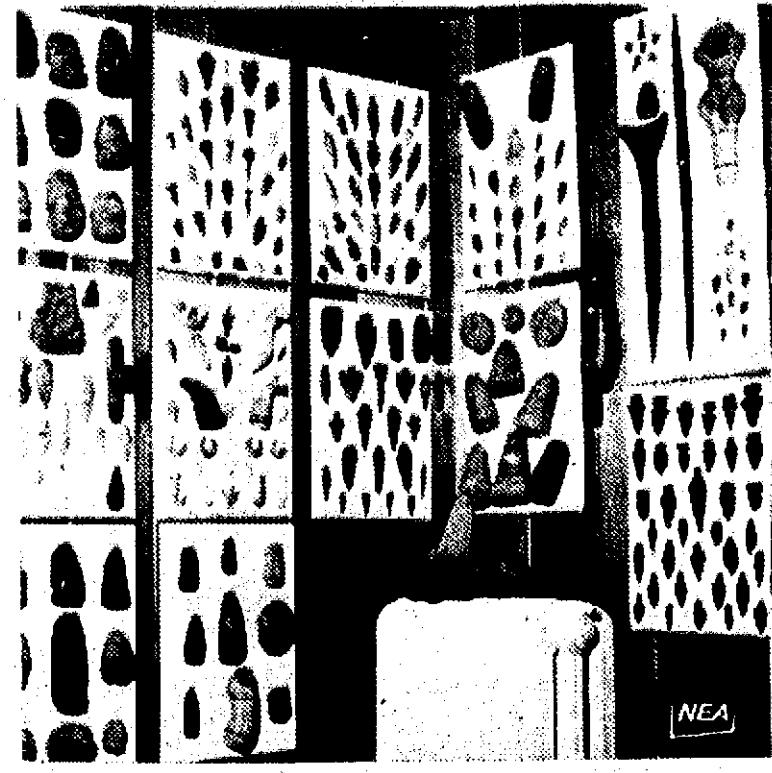

Stone Age man is still with us here in America. A lot of people are good and mad at him, too. His shadowy activities are creating confusion in an otherwise orderly and satisfying field of collecting.

Using machinery, today's Stone Age cheaters are turning out arrowheads, spears, tomahawks, and other Indian "relics." Fake! It's almost as bad as oil paintings. A collector needs an expert at his side whenever he adds anything. Some of the most beautiful and elaborate pieces are under suspicion.

Collecting mementos of the vanished inhabitants of our land has general appeal. There are few desks in small towns and rural homes that wouldn't yield an arrowhead or two. At the top level are many serious collectors with private museums who avidly seek out specimens to enhance their displays.

About a dozen dealers advertise in each issue of Hobbes Magazine and Charles Miles' fascinating "Indian Relics" column is a regular feature. A few other magazines carry ads and articles.

Finding and saving the durable objects that lead back to the obscure past of man in America is a preoccupation best suited to the imagination. What was the scene when this arrowhead I hold in my hand was chipped out by a fellow human? In what dramatic incidents did this

Cataloguing and proper display are important.

who fashioned them. What, for instance, was the use of the carefully made stone balls of various sizes up to 15 pounds which have been found? Even the most knowledgeable fall back on "native games" or "ceremonial pieces" when they must guess the use of many of the found objects.

There is a lively, if small, market in artifacts. A special find could bring several hundred dollars from a serious collector. In general, though, the hobby is more for fun than financial return. Going rate on arrow points from trustworthy dealers runs from 20 for \$3. damaged, to \$1

(Newspaper Enterprise Assn.)

Organizations, with their sponsored exhibitions and swap sessions, add companionship to the arrowhead-collecting hobby.

war club participate? How does it happen that this perfect flint knife (or awl or drill or chisel or pestle or pipe)—no doubt treasured by the owner even more than we treasure our own possessions—was lost or discarded?

The imagination whirls. Because the objects were of stone, practically the total handicraft of all those generations of ancient Americans still exists. No doubt only a small portion has been discovered. The rest lies in the ground waiting to be found.

We really know so little about the aborigines—going back at least 25,000 years—

apiece for fine quality.

There are a few pointers for anyone who would like to be initiated into the collector tribe:

Most libraries have books on the lore. One written for beginners is "Indian Artifacts" by Vigil Y. Russell.

Safest and most satisfying way to collect is to find your own items. There isn't a state where they don't lie in the soil. It just takes looking.

Record the circumstances of each find as its pedigree for the future.

Digging is out of bounds. There are laws against it in some states.

Humphrey Definitely Pro-War

WASHINGTON (AP) — The authorized campaign biography of Hubert H. Humphrey, due out this week, repeats the contention that the vice president's private feelings about the war in Vietnam match his public pronouncements.

The book, entitled "A Man for All People," was written by Ralph Martin and will be released in Washington Wednesday. A copy will be sent to each delegation to the Democratic National Convention.

In one part of the book, Humphrey deals with recurrent doubts that his support of the Johnson administration's Vietnam war policy isn't as enthusiastic in private as it is in public.

"Muriel (Mrs. Humphrey) always called me the happy warrior," the vice president says in the book. "She says I'm happy because there's no conflict between my private views and my public views."

The major portion of the heavily illustrated book, composed of captions in Humphrey's words, deals with events in the past and present, including the problems of being a vice president.

"The vice presidency is a job with sobering responsibility and very little authority," says

Humphrey. "I don't recommend it to everybody. When I first became vice president, I was warned that my relationship with the President would deteriorate within six months to a year, according to the standard pattern of history. Well, we fooled them."

"President Johnson and I have been friends for 20 years . . . He knows me well enough to expect loyalty but not mimicry. This has been my standard," Humphrey says.

On Vietnam Humphrey says, "Nobody wants to see the war in Vietnam come to an end any quicker than I do so that we can bring our boys back home. What I'd really like to see in Vietnam is a cease-fire so that we can have peace while we talk peace."

The book includes pictures of Humphrey with his chief opponent for the Democratic presidential nomination, Sen. Eugene J. McCarthy, a fellow Minnesotan.

Humphrey recalls how McCarthy had supported him in his past campaigns including his abortive attempt for the vice presidency in 1956—a year that Humphrey thought Adlai Stevenson would make him his running mate.

Back in 1956, Humphrey says, he had a meeting with Stevenson in Washington "and I understood that if I could drum up strong support, that he could pick me at the convention to be his running mate."

HELEN HELP US!

by Helen Bottel

YOUTH ASKED FOR IT!

This column is for young people, anything he can get his hands on, their problems and pleases. If I don't dodge I get hurt. He uses, their troubles and fun. As says I'd be better off dead than with the rest of Helen Help Us!, alive, and he means it.

It welcomes laughs but won't if anyone comes over, which isn't often, he shows off by yelling and cursing at me. If we go

into my bedroom 'to talk, he stands on the gas meter outside my window and spies on us. He won't take me to school gatherings in the car, and he won't let me walk. I can't even go to a show with my friends. It is rough going here. What can I do? NEEDS HELP FAST

Dear N.H.F.: If things are as rough as you say, it's time a relative heard the story and took steps to get you out of this environment.

If you don't have a close relative who might help, then talk to the parents of a friend, or to a counselor.

Perhaps both you and your father would be better off if you were in a foster home. —H

Dear Helen: First this girl introduced herself to me, found a mutual interest, and invited me over to her house. You'd think from that she likes me. But — I have asked her for a date five times. Each time she said "No."

Recently she made a date to go skating. Then she broke it less than an hour before we were to go, saying she had to babysit. She doesn't have any younger kids in the family.

If she does this again, as far as I'm concerned, babies are all she'll sit with!

What should I do about this cat and mouse game? —R. D.

Dear R: Stop squeaking and find a girl who appreciates you. —H

Dear Helen: I have a father who thinks I am his punching bag. I'm 14. He's 64. I don't have a mother.

If he gets mad at me, he throws

ELIZABETH
Dear Helen: My wedding will be formal, with a sit-down dinner afterwards. My folks would rather not invite children, because of the confusion and also the cost.

I can't very well say on the invitations, "Don't bring the kids." Won't people be insulted? —PUZZLED BRIDE-TO-BE

Dear Bride-To-Be: If you address your invitation—especially on the inside envelope—to "Mr. and Mrs. — — —" omitting the children's names, most people will understand that the wedding is an "adults only" affair.

The few who don't, of course, have the bravest kids, so try to get the word to them by the grapevine, as tactfully as possible. —H

This column is dedicated to family living, so if you're having kid trouble, or just plain trouble, let Helen help YOU. She will also welcome your own amusing experiences. Address Helen Bottel in care of Hope Star. Copyright, 1967, Inc.

Pensacola Hit by Fuel Explosion

PENSACOLA, Fla. (AP) — Three 50,000 gallon gasoline tanks exploded in a waterfront storage field early today, forcing evacuation of a five-block residential area.

"It looked like an atom bomb explosion," said Escambia Deputy Edward Mayor, describing the initial blast.

He said flames shot an estimated 300 feet in the air and Pensacola's western waterfront area was quickly blanketed in heavy, oily smoke.

Officials began rousing sleeping residents before the second blast shook the area.

"Every available Pensacola fireman" joined the Navy and Coast Guard in battling the blaze, said Sheriff's Sgt. Ed Brown.

Two Navy firefighting tugs poured chemical foam and tons of water on the blazing tanks.

Jim Loudermilk, manager of the Phillips 66 distributing company, said the fire started when a crew was pumping gas from a barge into a tank. He said he didn't know what sparked the fire.

The barge remained connected to the burning tank during the battle to contain the fire. An official said, "If we break the connection, we'll lose a certain amount and we don't know what would happen then."

Brown said the storage complex includes nine other tanks holding either gas or kerosene.

No injuries were reported but several firemen were given oxygen after working in the intense heat and ambulances were rushed to the fiery waterfront on a standby basis.

House Loans Rise to Record 7%

By JOSEPH R. COYNE
Associated Press Writer

WASHINGTON (AP) — Interest rates on conventional home loans rose sharply during June, climbing to almost 7 per cent for the first time in history.

The Federal Home Loan Bank Board said today the average interest rate on conventional loans for new houses jumped to 6.88 per cent during June while the rate on existing houses went to 6.97 per cent.

The board blamed both the tight credit conditions in the economy and recent increases in the ceilings fixed by states on maximum interest charges.

June marked the fifth straight monthly rise in the conventional rate for new houses. The rate on existing houses has risen every month for the last year.

In the 18 major metropolitan areas included in the board's survey, the rates on new homes ranged from 6.18 per cent in New York City to 7.42 per cent in Dallas.

Rates were above 7 per cent for new houses in 10 of the 18 areas.

The National Association of Home Builders, which made its own survey several weeks ago, said there are signs of interest in the bill that would provide in-

Airport Jam Is Put Up to Senate

WASHINGTON (AP) — The Senate has been urged to take prompt action on a bill designed to ease the growing congestion that has all but throttled some of the nation's major airports in recent days.

A parliamentary protest Monday delayed action until today's session at the earliest while the blacklash of congestion and controversy over its cause posed mounting problems for the nation's airlines.

"This has really been put off too long," said Sen. John Stennis, D-Miss., floor manager of the bill that would provide in-

Plane Loss in Vietnam Declines

By BOB HORTON
AP Military Writer

WASHINGTON (AP) — U.S. aircraft losses over North Vietnam have dropped dramatically since President Johnson limited bombing raids to the country's narrow Southern Panhandle.

An Associated Press check of daily military communiques shows 30 U.S. planes listed as shot down over North Vietnam since the President's bombing restrictions went into effect March 31.

By contrast, the United States lost 133 planes during the same time period last year when raids were conducted against most of North Vietnam.

The sharp cut in losses is even more dramatic when it is noted that missions against the North have increased substantially since last year.

U.S. pilots are now flying at the rate of 130 missions per day over the North, compared with 103 per day in 1967 and 65 in 1966.

The following breakdown shows monthly mission totals for 1968 since the bombing curb began, with 1967 mission totals in parenthesis:

April 3,412 (2,925), May 3,593 (3,237), June 3,792 (3,607) and July (first three weeks) 2,723 (3,819).

In addition to the savings in manpower, the lower incidence in lost planes has resulted in a financial benefit.

Assuming the United States would have lost 100 more planes had countrywide raids continued as in 1967, the savings in aircraft alone amounts to at least \$200 million.

Already Pentagon officials are scaling down fighter production from an originally planned 100 planes per month to 72 in accordance with the reduced losses.

Top defense officials maintain the bombing program is now more effective than it was even though enemy infiltration into South Vietnam has increased.

Secretary of Defense Clark M. Clifford told newsmen July 11 that concentration of the attacks on enemy supply lines below North Vietnam's 20th parallel probably has "produced more dividends and rewards than if the bombing were spread over a larger area."

Clifford said the enemy is expected to infiltrate 20,000 men southward in each of the summer months but "they will pay an increasingly higher cost for that as they go through the panhandle south of the 20th parallel."

Increased equipment and personnel.

He said air congestion is reaching emergency proportions.

While the Senate moves to cope with the long-range problem, acting Administrator David Thomas of the Federal Aviation Administration scheduled a meeting with the national chairman of the Professional Air Traffic Controllers Organization.

In related developments, the Air Transport Association and the Air Line Pilots Association said there is a possibility some scheduled flights may have to be canceled because landing delays are eating onto pilots permitted flying time.

Members of flight crews generally are limited by contract to 35 hours per month in the air. When planes stack up over major airfields awaiting landing space, this counts in flying time and causes scheduling problems.

Mohawk Airlines was more specific, saying all its flights may have to be canceled the last few days of this month.

THE FAMILY LAWYER

Wrong Medicine

Given a prescription for her arthritis, a woman took it to the corner drug store to be filled. But the druggist mixed a wrong ingredient into the medicine. As a result, the woman suffered a severe reaction—and later filed suit for damages.

"Don't blame me, blame the doctor," protested the druggist in court. "His writing on that prescription was so illegible it was hard to be sure what he meant. So I filled it according to my best judgment."

But the court held the druggist liable anyhow, blaming him for not checking with the doctor before going ahead.

By and large, pharmacists are held to a standard of care com-

mensurate with the importance of their ancient profession. As one judge put it:

"People trust not merely their health but their lives to the knowledge, care and prudence of drugists."

For that reason, the pharmacist who is careless in filling a prescription is usually responsible for the consequences. There have been damage verdicts not only for wrong ingredients but also for incorrect proportions and for misleading directions.

On the other hand, even when a druggist does make a mistake, he is not liable if there is no causal connection between his mistake and the ultimate injury. Take this case:

A druggist sold a customer a powerful purgative, without properly labelling the bottle. The customer, well aware of what he had bought, mischievously slipped some into a friend's coffee.

For the unhappy consequences to the friend, the druggist was held blameless. The court pointed out that his faulty label had no connection with what happened, because the prankster would have done the same thing even if the label had been right.

Furthermore, a customer must show a reasonable regard for his own safety. In another "wrong medicine" case, the customer made his purchase from a young, inexperienced clerk while the regular pharmacist was out of the store.

Here the clerk, after bringing out a bottle, confessed that he didn't know what he was selling. Nevertheless the customer insisted the medicine must be what he wanted because it "smelled right."

A court ruled afterward that the customer himself was guilty of negligence, for buying medicine by using his nose instead of by using his head.

Tornadoes Seen But None Hits

By THE ASSOCIATED PRESS

Tornado warnings were issued for two southwest Arkansas counties Monday as a tornado was sighted aloft, but no damage was reported.

Thunderstorms pounded scattered portions of the state Monday afternoon and evening and more are expected through Wednesday as a high pressure system remains stationary over the southern portion of the nation.

The largest amount of rainfall reported in a 24-hour period ending at 6 a.m. today was 2.68 inches at Stamps. Temperatures reached 100 degrees Monday for the first time in Arkansas this summer at Blytheville,

Democrat Delegates to Total 2,622

WASHINGTON (AP) — The Democrats expect to complete the assignment of their 2,622 national convention votes this weekend, joining the Republicans who finished picking their 1,312 delegates a week ago.

Holders of the last 162 votes in the Democratic session set to open in Chicago Aug. 26 are to be named in state conventions in Virginia, Kentucky and Utah, and by the party's state committee in Louisiana.

On the Democratic side, the biggest shift was a pick-up of 14 votes for Vice President Hubert Humphrey.

Among the Republicans the major changes in publicly stat-

ed first ballot positions of dele-

gates since last week were breakdowns of the Oklahoma and Kentucky votes.

Gov. Dewey Bartlett of Okla- homa plans to release his 22 fa- vorite son votes before the first ballot and they split 14 for for- mer Vice President Richard M.

Nixon and 8 for California Gov.

Ronald Reagan.

Kentucky's 24 divided 18 for Nixon, 2 for Rockefeller, and 4 listed uncommitted because they were only rated probably 2 for each of the candidates.

The Republicans meet three weeks ahead of the Democrats, in Miami Beach.

An Associated Press tabula-

tion of first ballot intentions, covering delegates bound by primary results, pledged at the time of election or taking a stand in an AP poll, showed Nixon at 548 well in front of

President Roosevelt in 1940. Dwight Eisenhower topped the record by almost 10 million when he was elected in 1952.

Heavy Votes

Wendell Willkie polled more

popular votes (22,305,196)

than any other Republican

presidential candidate in his

term when he ran against

President Roosevelt in 1940.

Dwight Eisenhower topped the

record by almost 10 million

when he was elected in 1952.

Citizens Of Hempstead County:

As your Representative in the Arkansas Legislature, I thank you for your past support and I sincerely solicit your vote and support as a candidate for re-election. As most of you know, I was born and reared in Hempstead County, and have lived here all of my life. I graduated from Hope High School, and the University of Arkansas, School of Law at Fayetteville. My interests are your interests, and your interests are my interests. As your Representative, I have always worked and cooperated to the fullest for the development and advancement of Hempstead County.

When you first sent me to the Arkansas Legislature to represent you in 1941, and then again in 1947 upon my return from military service in World War II, and again in 1953, it became my observation that Eastern Arkansas was favored by our state government in highway construction, county aid for schools, and in most of the state's services. I wondered how this could be and I soon learned that because of the long service of the Representatives and Senators from that section of the state they held choice committee assignments and thus exercised great influence. Also that they profited from their knowledge of state government gained through experience and long personal associations with key government officials.

I have since learned that the same is true in our national government. We all know now that through seniority our Senior Senator, the Honorable John L. McClellan, and Congressman Willbur Mills wield enormous power and influence in the Congress of the United States. Through your continued support Senator McClellan has served 29 years in the Congress, 4 years in the House and 25 in the Senate; and Congressman Mills has served 29 years in the House. They serve as Chairman of the following powerful committees: Senator McClellan, Government Operations; and Congressman Mills, Ways and Means.

It has become fashionable for those in other sections of our nation and state who would like to destroy and take away from the people of Arkansas, and especially you in Hempstead County, our seniority, and all that goes with it, and gain it for themselves, and their sections of the nation and state, to refer to elected officials with long years of public service as members of the Old Guard. If you will simply think about this phrase "Old Guard" you will quickly realize it is meaningless. They would not want you to think that what they are really doing is hitting at you, the people, for after all such public officials with long years of service are simply there because of your support, and their power, influence, and the honors that come their way belong to you, The People, who have continued to support them through the years.

Well, it is true in the National Congress and it is true in the Arkansas Legislature that those public officials who have gained the experience, power, and influence that goes with seniority have done so through many years of service which has been achieved through the continued support of the People they represent, who after all are the beneficiaries of all that seniority reflects.

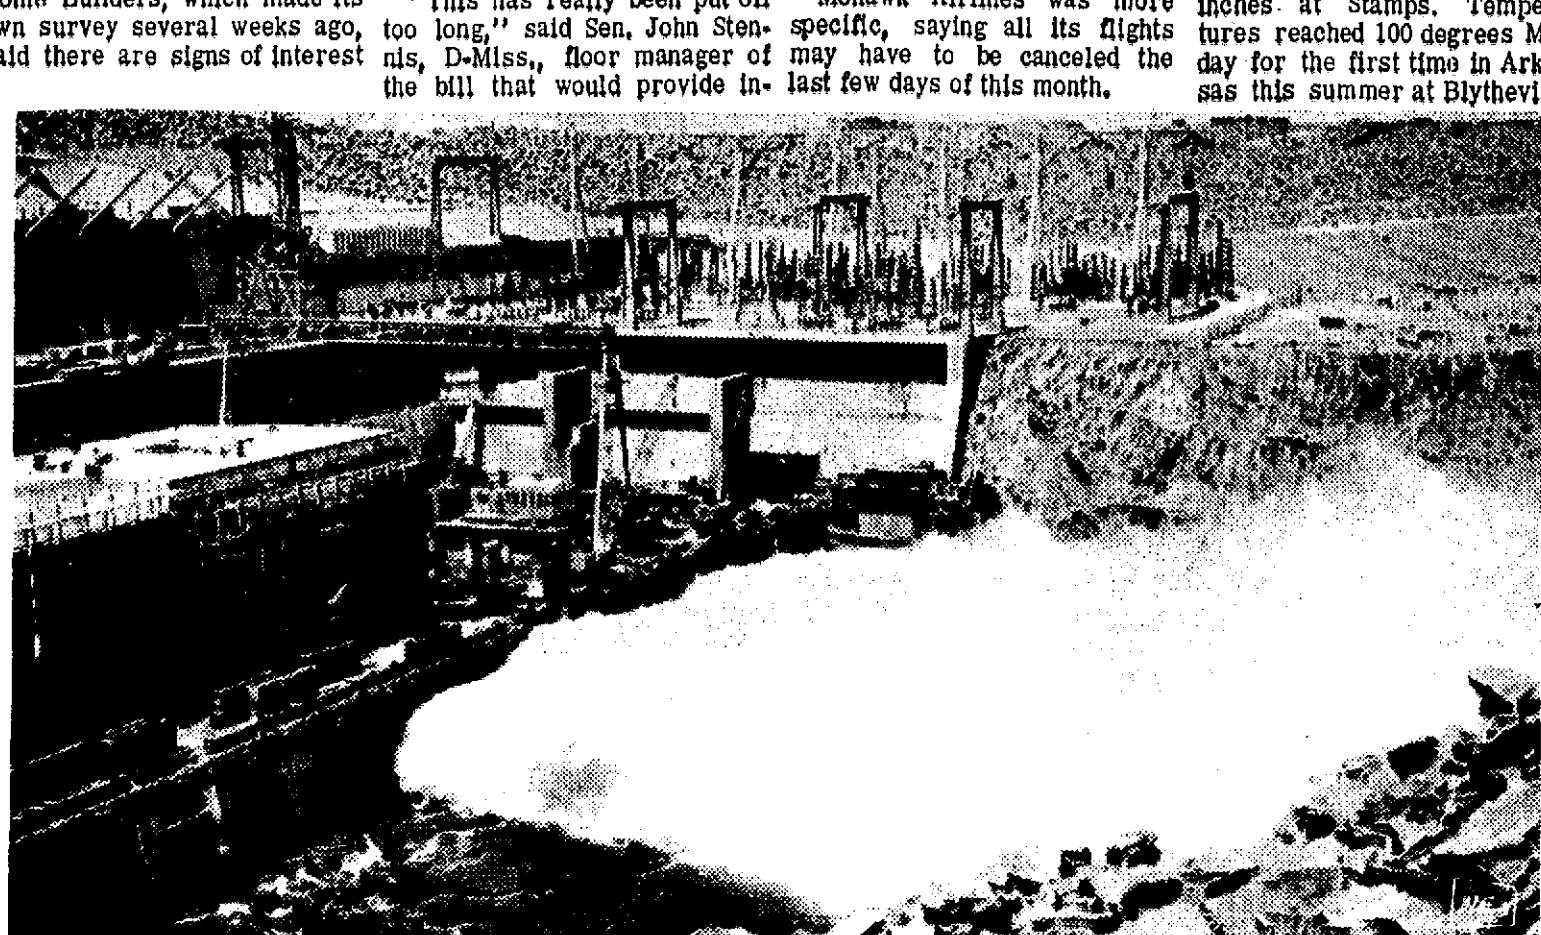

Today in the Arkansas Legislature your Representative shares for you number one in seniority with three other members. All of us are serving our 20th year. They are Representatives John Bethell of Prairie County, Harry Colay of Columbia, and Joel Ledbetter of Pulaski. Only Mr. Colay and myself have opposition in the Democratic Primary, and I am the only one who has opposition in both the Democratic Primary and General Election.

For 20 years I have been a member of the Revenue and Taxation Committee, of which I served two years as chairman. I am now chairman of the Rules Committee, a member of the Constitutional Amendments Committee, of which I served several terms as chairman; the Roads and Highways Committee, of which I served several years as chairman, the Joint Budget Committee, and the Arkansas Legislative Council, of which I am now Chairman, all of which are the most powerful committees in the Arkansas Legislature and reflect credit and honor to you, the People of Hempstead County, for only through your elected Representative may you be so represented.

Knowing your needs, desires and interests, I pledge you that I will, as I have in the past, represent you to the best of my ability. Your vote and support on July 30th will be sincerely appreciated.

Fulbright Urges
National Park Plan
for Buffalo River

Senator J. W. Fulbright has sent me copies of correspondence indicating that the proposal to safeguard Arkansas' beautiful Buffalo River against any dam projects by adding it to the National Park System is still very much alive--although with only an outside chance that the park bill may be brought before the Congress prior to adjournment.

On July 10 Senator Fulbright wrote Senator Henry M. Jackson, chairman of the Interior and Insular Affairs Committee of the Senate, asking for the status of S. B. 704, the Buffalo Park proposal.

On July 12 Senator Jackson replied in part:

"As you know, although the Department of Interior has acknowledged its support for this legislation, the official legislative reports will be essential before the Committee could begin hearings and executive consideration of this legislation."

"In view of the lateness of the session and the determined drive of the leadership to adjourn sine die in about three weeks, it does seem unlikely that even if these reports are received, final action could be taken before the adjournment of Congress. However, I want to assure you and the people of Arkansas who support this legislation, that I will make every effort early in the next session of Congress to see that this legislation is expeditiously considered by my Committee."

Obviously the Buffalo Park project is on politically sound ground, and will eventually be realized.

Stopping the defilement of the beautiful Buffalo with a dam was an act of great political courage not only by Senator Fulbright but by the senior Arkansas senator, John L. McClellan, who co-sponsored S. B. 704 with Fulbright.

Nor is the role of our own Congressman, John Paul Hamerschmidt, to be forgotten. In the congressional campaign which he won he had to meet Jim Trimble's endorsement of the Gilbert Dam; nevertheless Hamerschmidt, a resident of Harrison, virtually the next-door neighbor of Marshall, where the Gilbert dam was hotly supported, had the courage to stand for all the people of Arkansas and oppose the dam.

In a day when too many public officials go along heedlessly with all spending projects this kind of courage deserves to be remembered. Many citizens, like your editor, support river dams and navigation projects as a rule—but it was brutal nonsense to attempt to destroy one of the nation's most beautiful wild and scenic rivers in North Arkansas where there are already dams over the entire section.

And finally the Corps of Engineers saw the light and abandoned the Gilbert dam proposal.

An aroused people can always get things done—especially when they have courageous leaders who are willing to risk local ill-will for the sake of the entire state's good will.

U.S. Airliner Pilot Freed by Cubans

By STRATFORD C. JONES
Associated Press Writer

MEXICO CITY (AP) — A Cuban-American pilot captured by Fidel Castro's government when his airliner was hijacked plans to return to Miami and his five children after three weeks imprisonment in his homeland.

George Prelezeo, 38, appeared in good health after he and his wife, Olga, arrived in Mexico City Monday on a Cubana Air Lines flight.

The flier refused to discuss his detention or his release.

Prelezeo was piloting a South East Airlines DC3 which was hi-

Berserk Man Robs Store and Kills 2

By TOM SEPPY
Associated Press Writer

WASHINGTON (AP) — The House was called into session an hour earlier than its usual noon starting time today in a drive for final action on gun control legislation.

Before the House was President Johnson's bill to ban the mail order sale of rifles and shotguns, plus over-the-counter sales to residents of nonadjacent states.

Debate on six bills affecting the District of Columbia Monday prevented scheduled work on the last of more than 100 amendments to the gun control bill.

The remainder told the President they had gun control studies under way, that laws were already on the books or that legislation was being drafted.

The House defeated two amendments last Friday that would have required registration of firearms, removing all hope for such legislation in this session.

Although President Johnson originally asked Congress, in the wake of the assassination of Sen. Robert F. Kennedy, to ban the interstate mail order bans on rifles and shotguns, he later requested both registration and licensing, too.

Although it rejected registration, the House did toughen up the pending bill on one point. It adopted an amendment providing mandatory sentences for any person who carries a gun while committing a federal felony.

In a related development Monday, President Johnson announced in Texas that an appeal

CLARENCE, Tex. (AP) — Five shots from a rifle killed Dist. Atty. John R. Gilham outside his county courthouse office Monday. Authorities lodged a murder charge against a building contractor.

About 10 persons witnessed the shooting on the square in the center of this Texas panhandle town of about 2,200 people. The complainant charging murderer with malice named Clyde Gilbreath, 60, who was ordered held without bond. Police Chief Gary Cedars said Gilham, in his late 50s, had been representing the wife of Gilbreath in a divorce suit.

Among the spectators was a 17-year-old son of Gilbreath, who seized his father and held him until Sheriff Bill Cornell arrived.

Old Homebody Boyle Aghast: Wives Can't Darn Socks Today

By HAL BOYLE
NEW YORK (AP) — Jumping to conclusions:

Eight out of 10 wives under 40 no longer are able to mend holes in their husband's socks. They simply don't know the art.

Few things make a middle-aged man more aware of the breadth of the generation gap than the realization that probably four out of five of today's youngsters have never ridden in a buggy or seen a blacksmith at work.

Show me a business executive who boasts he regularly puts in a 15-to-16-hour work day and I'll show you a fellow who won't stand up too well in a lie detector test.

One of the nice things about history is that some people seem to have been born at exactly the right time for their genius to flower. Charles Dickens, for example, was quite at home in the leisurely 19th century. If he were alive today, however, he might have to earn his living writing wisecracks for the Chinese fortune cookie industry.

An ideal host is one who doesn't insist on inflicting his home movies on you until he has at least passed the martini pitcher around three times. Husbands jest at their wives for wasting their time watching television soap operas, but actually these sudsy epics can have a real educational value, a woman becomes so familiar

with the fictional ordeals of her heroes and heroines that when an emergency occurs in her own family life she knows just what steps to take to cope with it. There are few disasters in real life that don't happen over and over again in soap operas.

It sure has been a long time, hasn't it, since you last saw a fireman wearing red suspenders?

No woman ever goes truly content to her grave unless at least once in her career she has found out what it is like to be kissed by a man with a beard.

When you get more than one post card from friends during their stay at a vacation resort, you can be sure they're having a rainy time.

You can generally win money by betting that the first girl to take off her shoes at a cocktail party will be one of the last to leave.

One of the things that puzzles me is what hatching girls live on during the summer months, piano workshop group and twirler.

They don't earn enough in tips, though.
